### **Getting Family and Relatives together**

With over 25 years in business, we are highly experienced in organizing trips for individuals or group tours, large and small, and have up-to-date extensive knowledge of all areas in the Czech Republic, - that's our SPECIALTY. An additional assurance for you is to know that we were born there, grew up & lived there for almost 30 years, speak the language, know the history of the homeland, know our way "around" (not just areas packed with tourists), understand the mentality of the people and expectations of American travelers and much more. That kind of LIFE experience you can NEVER learn from any books, schools, or traveling there even 100+ times as a tourist! There is no doubt about it, that it gives us a great advantage (to your benefit) over our competitors. We are the best choice for you! We know where to go to find the things you are looking for and get the right answer to your needs including information about your ancestry research (many times the latest, private information from villagers), which couldn't be found in any archives! In addition, you should know that we have a large network of providers and contacts to the right people at the right places.

### **10 Tour members + 17 Czech relatives. First Czech family reunion in 150 years! We arranged it and made it happen!**

### **We will custom design a Private tour for couples or your whole family & friends.**

Since 1995, FREE Ltd. ancestry research of living relatives with a group of a minimum of 6 people and 9 or more days stay, made by a Czech native, is always part of the tour. We don't know of and have never heard of any other travel agencies who can provide you with this unique valuable service at no cost to you.
